About PKWARE

PKWARE offers the only data discovery and protection solution that locates and secures sensitive data to minimize organizational risks and costs, regardless of device or environment. Our ultra-efficient, scalable software is simple to use on a broad range of data types and repositories, enabling precise, automated visibility and control of personal data, even in the fastest-moving, most complex IT environments. With more than 1,200 customers, including many of the world's largest financial institutions, retailers, healthcare organizations, and government agencies, PKWARE continues to innovate as an award-winning global leader in data discovery, security, and compliance. To learn more, visit [PKWARE.com](https://www.pkware.com).

PKWARE functionality for data security is used with these additional use cases:

- Secure email with partners and customers
- DLP enhancement

Results

The company experienced these immediate benefits following the deployment of PKWARE:

- Located and classified sensitive data
- Increased their data security by 50 - 75% since implementing PKWARE technology
- Saved 75 - 90% of time by moving from manually applied protection to PKWARE's automated discovery and protection solution

“With PKWARE’s data security technology, I have confidence that we are meeting our data compliance goals.”
